## School Ordered Closed; Jersey Groups Move in Similar Action

### 'Golden Boy' Is Lieutenant

LIEUT. H. B. SCOTT

Lieutenant H. B. Scott, son of Mr. and Mrs. Samuel Scott Sr. of 55 Orient avenue, Jersey City, received his wings and commission last Friday and flew home to break the glad tidings to his parents and friends. His brother, 1st Lieut. Samuel Scott Jr. is located at Selfridge Field, Mich. It will be remembered that H. B. was the original "Golden Boy."

## Hillburn N. Y. School Closed

As soon as Hillburn N. Y. parents of school children won their victory against the segregated Brook School which was ordered closed Monday by Dr. George D. Stoddard, State Commissioner of Education, New Jersey groups opposed to Jim Crow in education began laying further plans to ask similar action of Dr. Bosshart who recently succeeded Dr. Charles Elliott as Commissioner of Education of New Jersey.

At Albany Monday Stoddard, disposing of a charge of racial bias of pupils in School District 15, Town of Ramapo, Rockland County, ordered that the central district Board of Education close the Brook School in Hillburn, N. Y., since 1889 exclusively by Negro children. He directed that the children of the district, white and colored, attend the Main School which has separate white and colored facilities for all.

What form the Jersey action to start a similar war against separate schools, will take is not yet clear. The state NAACP planned last spring to collect a fund for use in such a purpose. But no news has yet been definitely issued on the progress made.

## 8th Wd. Democrat Club 500 Strong In Murphy Parade

JERSEY CITY — The 8th Ward Democratic club had 500 strong in Monday's mammoth demonstration here for Mayor Vincent J. Murphy, Governor candidate, in which 25,000 participated. The 8th Ward organization is a branch of the Progressive Colored Democratic organization of the state.

In contrast to this showing the rival forces of Robert S. Hartgrove failed to even make a showing in the parade.

12 separate parades from the 12 wards of the city made up the throng and the 8th ward was there with a huge number. The star-studded program at Lincoln High School was interrupted later when the singing star Frank Sinatra was kissed by a girl of 16. Inside only those of voting age were admitted.

Murphy called for payment in full of every cent of taxes owed by the railroads, an issue which has been pushed by Mayor Hague.

## Jamaica Workers Revolt At Jobs

MIAMI, Fla.—Ninety-two Jamaican laborers, many of whom worked in Jersey last summer and were spotlighted when a daily newspaper said they were underfed, were arrested this week as they balked at further work in Florida's sugar cane fields and said they wanted to return home. A probe of the Jersey Jamaican camp by the N. J. Commission on the Condition of the Urban Colored Population concluded the Jamaicans were rather happy in their lot.

## What Is Mob? To Be Decided

Common Pleas Judge Harthshorne Friday gave attorneys two weeks to file briefs on what constitutes a mob under state law. The question was raised in the suit of two persons against the city of Newark for damages as a result of a first ward race riot last June.

Plaintiffs are relatives of two boys who were involved. One youth, Milton Heiley, 15, of 301 High street, was killed and the other, Loyne Lyons, also 15, of 8 Oriental street, was injured in a melee between pupils at Summit place and Hoyt street.

Thomas Potter, attorney for Birley Heiley, Milton's father, and Mrs. Mary Watson, Loyne's grandmother, is seeking \$20,000 for Heiley and \$5,000 for Mrs. Watson.

Alleges Negligence  
Potter contends the city was negligent in permitting the occurrence and pointed to a state law which makes county and certain classes of cities responsible for injuries suffered by persons through mob violence. Louis Fast, assistant city corporation counsel,

## Kilmer Soldiers Banned By YMCA

MONTCLAIR.—Negro soldiers based at Camp Kilmer in New Brunswick, cannot take their lessons in swimming and life-saving because the New Brunswick Young Men's Christian Association bars them. That Association is used by white soldiers only. Negro soldiers are carried all the way to the Washington Street YMCA here for their swim lessons, thus maintaining the biased policies of the Army into civil life.

## Buchanan Freed

TRENTON.—Sam Buchanan, 30-year-old fugitive from a Georgia prison gang, was freed Friday on the legal grounds that no one can be charged with the same crime twice.

Judge Frank S. Katzenbach, 3rd, allowed a writ of habeas corpus freeing Buchanan and preventing Walter D. Burch of Atlanta, inspector and transfer officer for the state of Georgia, from taking Buchanan back with him to serve the balance of a prison sentence.

Judge Katzenbach based his action on a ruling by Judge Lewis B. Baghead of Hudson County Court of Common Pleas, who freed Buchanan under similar circumstances in 1939. Katzenbach said he had "nothing to decide," since Georgia authorities "find their day in court" four years ago when the filed extradition proceedings also charging Buchanan with the theft of an automobile.

## Powell To Speak

NEW YORK.—All Alpha Phi Alpha brothers in the metropolitan area are invited to be present at 115 W. 121st Street at 9 p. m., October 18, at which time Rev. Powell will address them on the subject: "The Removal of Ancient Landmarks." A. Maurice Moore is chairman of the meeting.

## Afro Club Closed

State Beverage Commissioner Driscoll Tuesday ordered the liquor license of the Afro-American Democratic League, Inc., of 15 Guilman street suspended for 10 days starting Monday, for possession of illicit alcohol on the licensed premises.

A guilty plea was entered to the charge, preferred after an ABC investigator testified 17 open bottles of liquor at the club. One of the bottles labeled blended whiskey was found to contain straight whiskey.

BULLETIN  
John M. Stoute, chairman of the Queen of All Angels Service Men's Center Groups revealed Wednesday morning that the USO project to be located on Plane street was okayed Tuesday by the Newark USO, as well as the national USO of New York.

"Everything is all set to go," he stated. "The entire project has been approved." The decision was made despite protests from several quarters.

by HARRY B. WEBBER  
The proposed Queen of Angels' Servicemen's Center to be located in an elaborate recreational site on Plane street between Court and William streets is looming rapidly as a test whether Newark wishes to continue its growing segregation in public facilities or whether it plans to call a halt to that growth.

Whereas the proposed USO Center would be no more segregated than is the Court Street YMCA, the Sojourner Truth YMCA, the New Jersey Urban League or some of the church denominations here which have "white" churches downtown and colored uptown, objectors to the Center are asserting "there should be no MORE segregation." Thus the USO issue may also be a test of the further continuance of separate YM and YWCAs and separate social and civic centers of other nature.

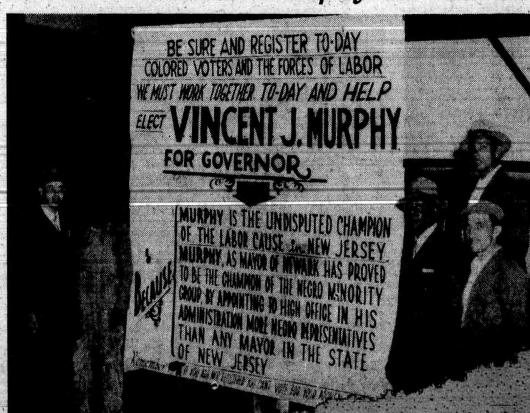

Meanwhile these two facts are plainly evident:

1. The committee headed by John M. Stoute and Mrs. Elizabeth Houston plan to pursue preparations for the new USO Center, regardless of mounting opposition.

2. At the same time both Mr. Stoute and Mrs. Houston favor full and open discussion of the alleged segregation issue. They want all criticism of the issue to be expressed.

Backers of the Center point out that its establishment would am-

# Says Probe Of Race Riots Is Blocked

WASHINGTON—A charge that "New Deal obstructionists" are blocking the proposed Senatorial investigation into the recent wave of race riots in this country was made today by Edgar G. Brown, Director of the National Negro Council.

Specifically naming Senator Scott W. Lucas, Democrat of Illinois, chairman of the Senate Audit Committee, Mr. Brown declared that his failure to act favorably on a request for \$25,000 to conduct the probe was "properly dictated by the New Deal high command whose record is consistently anti-Negro in action."

"Senator Lucas has had about three months for consideration of this important matter and still contends that he needs additional time to study the matter, with no indication as to when a decision may be expected," Mr. Brown said. "In the meantime, the existing morale on the home front at a time when the National crisis demands inter-racial harmony."

"The delaying tactics employed indicate to me that Senator Lucas' unsympathetic attitude was properly dictated by the New Deal High Command whose record of late has been consistently anti-Negro in action. This record is increasing and it must be apparent to the colored citizens of the United States whose disappointments over the refusal of this administration to speak out against racial disturbances and discrimination and to accord them fair treatment in the Army, Navy, War Housing and OPA representation on local boards, have continued in the face of universal protest to the President and other officials of the administration."

American Negroes have grown weary of empty promises and smooth talking. They would like to see some positive action to protect them and assure them, of equal rights, as guaranteed by the Constitution, regardless of race or color to all American citizens.

The National Negro Council, it's director said, will make every effort toward adoption of the proposal by Senators Bridges, (R) of New Hampshire, and Brooks, (R) of Illinois, for the Senate to approve \$25,000 for a complete and sweeping investigation of the wave of race riots during the past few months, which have very definitely hindered the total war effort and the morale of the people throughout the entire nation.

The first Negro officer ever to command an Air Force combat unit, Lieutenant Colonel Davis, Jr., Air Corps, formerly commander of the 99th Fighter Squadron, which is presently in action in Italy, has assumed command of the 332nd Fighter Group at Selfridge Field, Michigan, the War Department announced today.

"They're Off!" The big race of over fifty contestants in the October 8 to November 14 "Miss Crispus Attacks" contest sponsored by the Crispus Attucks Association of 101 Montgomery Street got under way Friday with a number of contestants taking a slight lead over the week-end.

The bulk of the field is working hard this week to make surprising showings this Friday night, when each contestant will be on hand threatening to take the lead. Partial reports were made by some of the contestants the past

week-end but this is only a beginning. Each contestant was started off with an even 1000 votes.

Mrs. Lydia Shrubey of North Newark established a slight lead over some strong contenders when her score soared to 2300 votes. But she is but a brief note ahead of Mrs. Ernestine Washington of Montclair who came next with 2,100 votes. Mrs. Lillian Williams of Jersey City's slanting right with Mrs. Washington with 2100 also. Close on her heels was Miss Mildred Barnhill of East Orange with 2000 votes.

Mrs. Nancy Mosely of Newark pressed Miss Barnhill with 1900

votes. Miss Ann Hare of Newark reached the Monday night point with 1500 votes to her credit.

Miss Inez Vickers, of East Orange the dramatist has been so busy in her work at the Soldiers Recreation Center that she plans to make her first burst of speed Friday.

Mrs. Ella Moncey of Newark was pushing toward the leader's group Tuesday morning.

Many others in the field are bunched together a length away from Miss Hare. Included here are Mrs. Delma Scott of Newark, Miss Ann Respass of Newark, Mrs. Ernest Royal of Newark who

has been delayed briefly because of a bad cold, Mrs. Aldine Hayes of Newark who is expected to range up toward the leaders Friday, Mrs. Maryellen Morris of Newark, Miss Olive Wood, Scotch Plains, Miss Nan Chambliss of Scotch Plains, Miss Wilhelmnia Lee of Newark, Miss Erma Eldridge, Maiana McMoore, Mrs. Vera Smith, Mrs. Ruby H. Moody, all of Newark, Mrs. Mary Chase and Mrs. Ann Ellis, Willie Lee Roberts, Beatrice E. Chestnut, Willie Whitaker, Lucille Fields, Arle B. West, Mrs. Viola Lombard.

Five others are bound to place or show in the big money with other prizes of \$150 in War Bonds, \$50 in War Bonds and in three prizes of \$25 in bonds each. This is the first time in history

that a lady will have been crowned after a national hero like Crispus Attucks. The great night in the first sixth of the race will be Friday night, October 16th. Watch next week's newspapers for the sensational news on the Miss Crispus Attacks race for the \$300 crown.

William Cash, president of the Crispus Attucks Association announced this week that a huge civic program is under way this fall and winter and can only be made possible by having many members in the Association. It is for the member drive that the contest is being carried on. The winner will be crowned at one of the most breathtaking events in Jersey history. It is not too late to enter!

## On The Beam

By BOB QUEEN

Warning: To the women who go out shopping in the South Orange avenue-Hulgers street area should carry their money in a safe place. There has been a wave of purse snatching in this neighborhood over the past three weeks—victims have been women who carry large purses slung over their arms, whereby the thieves gain them, cut the handles and scurry. The thieves held the stage at the Afro Club last Saturday p. m., they were endeavoring to show how the commandos should do it right. By miracles, the glassware was spared and none of the lovely faces were scratched. Somewhere in Jersey: A hubby who had been aware of his wife's tutti-frutti activities suddenly decided to become a scoundrel and invite a number of friends to a party. When the guests arrived and had settled down in the easy chairs for an evening of revelry, the hubby calmly and coolly proceeded to give a lecture on his knowledge of the philandering ways of men and women of foreign extractions, are of offering willingly to their country's service.

That is the practical side, against which no man who loves his country would knowingly erect the barriers of intolerance or of outmoded industrial habits.

"The essential rightness of the President's Executive Order against discrimination because of race, creed, color or national origin appeared clear to me when I took office as Chairman of the Committee four months ago. In that brief period the close experience with the problems of the men and women who have suffered discrimination at the hands of fellow-Americans have deepened my conviction that this practice must be purged from our national life if we are both to win this war and consolidate our life as a democratic Nation thereafter.

It gave me trust in the members of the Committee. It was not known to me until very recently that it would be necessary for me to enter shall remain one of the most satisfactory associations of my life. The work of the Committee is in good hands."

Sally's Chatterings

YOUR GAL SALLY ONCE IN AWHILE, exercises her grey matter begins to think—thought brings action, and action brings for discoveries. Our brain cells would have remained unexcited, our innate curiosity would have lain dormant, had we not been approached in our capacity as Chairman of the Volunteer War Service Committee for a viewpoint on the new USO SETUP.

YOUR GAL SALLY THEREFORE began TO OBSERVE and observation disclosed. Our Town (and to note) is a little lass. SHE STOOD UP AND CHEERED LUSTILY to the week at handsome A. Phillip Randolph described segregation and discrimination in the armed forces. SHE WAVED THE FLAG OF ENCOURAGEMENT and stupendously applauded when he proclaimed going on record, protesting to the Chief of the U. S. disapproval and request for abolishment and request of segregation in the armed forces.

YOUR GAL SALLY OBSERVED THAT ON THE MORROW... Our Town gathered in conference with a church group, and some social minded folks... accepted the proposal of a lad, fresh from the State of Missouri, to establish a USO CENTER FOR SOLDIERS OF COLOR (may, not of color, but NEGRO SOLDIERS). ...reason (so they claimed) ...than that a survey showed... "Our town was full of post segregated colored soldiers with no place providing recreational facilities". Yet, your gal Sally observes... there already established at Commerce street a USO CENTER... and there is already established at Belmont avenue (under private supervision) A SERVICE MEN'S CLUB (to which the USO refused financial aid because it did not hold with segregation and because it was manned by a private group).

YOUR GAL SALLY OF COURSE (as state afore) is short on intellect at times, but questions being to propound themselves (since we are exercising our grey matter) ...such as, IF THERE IS A USO CENTER ALREADY ESTABLISHED WHY ANOTHER USO CENTER (mainly for Negroes)? ...Altho we've been given to understand (as a sop to our racial integrity and pride) ...we'll not designate it as a USO CENTER FOR NEGRO SOLDIERS... but (will be) consensus of opinion colored soldiers will be directed there. Another question... IF NEGRO SOLDIERS (as the survey showed) LOAFED TO ENTER THE PORTALS OF THE ALREADY ESTABLISHED USO CENTER because it is manned by all-members of the other Race group... THEN WHY DOESN'T THE USO ARRANGE TO BRING IN SOME OF THESE LASSES WHOM THEY ARE RECRUITING FOR THE NEGRO USO CENTER... and place them as hostesses along with their sisters of the other Race Group?... A-h-e-m... We tramp on hallowed ground... or do we?

YOUR GAL SALLY ALSO OBSERVES: to climb the propound... and make it... the lads from Missouri) wisely proclaims, "SO OFTEN MEMBERS OF THE COLORED RACE APPLYING FOR SOCIAL

SERVICE POSITIONS ARE REFUSED ON THE GROUND THEY DO NOT HAVE THE EXPERIENCE. BUT LIVING UP WITH THIS PROPOSITION THE LASSES BEING RECRUITED CAN OBTAIN OH-SO-MUCH EXPERIENCE".

YOUR GAL SALLY IS OF THE OPINION (while our grey matter functions) there can never be racial unity... barriers of hatred and prejudice... discrimination can never be surmounted until WE THE PEOPLE OF OUR TOWN face the situation AND SACRIFICE FOR THE CAUSE.

YOUR GAL SALLY FINDS THE CAUSE IN THIS INSTANCE might justly be "REFUSAL TO ACCEPT ADDITIONAL OFFERS OF SEGREGATION" and in our refusal... we make the town a place of segregation and at a single throw... RECREATIONAL FACILITIES FOR NEGRO SOLDIERS IN OUR TOWN. Praps these soldiers will hate us with all-consuming hatred... because we denied them the privileges of recreational facilities as a morale builder. Praps they'll love us with an all encompassing love... because we refused to allow jim-crowism, segregation and discrimination... to rear its ugly head in just another place in our fair town... and last out at us with its vicious fangs.

YOUR GAL SALLY BELIEVES OUR TOWN... Must cease seeking self-aggrandizement (and under that category come such things as desire for social prestige for filthy lucre... for public acknowledgment... for the limelight... These things must be abased... and placed on the altar of sacrificial duty... and that duty is to look ahead... to things which smack of segregation (no matter how alluring the prize might be)... wary of enterprises fostered by other Racial groups STRICTLY FOR OUR GROUP the days of slavery are passed... and no-longer need we the Negro depend upon the "Master" (and by Master we mean men of another Race). For sustenance... advice and counsel... we are the masters of our fate... We must begin now to share and share alike in this business of the "FOUR FREEDOMS" and to blaze with cog' propositions on-the-surface-enticing offers... THE CAUSE dear TOWN IS TOO GREAT TO WARRANT THE SALE.

SPECIAL FEATURE Coronation of Queen of Military Ball winner of 1943 "Queen of Military Ball Contest"

It's A Woman's World

Hats off to the weaker sex, because they're keeping things humming on the home front. Millions of men are released, every day to shoulder guns on the fighting front.

It's a big job and a tough one, tiring hours of work such as war work, church drives, clubs and being fashionable. It is a tough job, yet! Finding clothes that are pleasing to you and your budget. But you can do it. There is always a way. Yes, a very simple way.

How does your wardrobe grow? In dresses? In suits? In accessories? Does it tip the scales for glamour, but balance them for your budget?

In dresses you can have a pleated skirt and striped blouse, sweater for your light work — or a velvet suspender dress for your heavy duty. You can follow the fall fashion parade with two all-weather outfits. Your suits and coats can have Beaver trim for a little luxury and a lot of wear.

For collar and cuffs on a bright wool suit are the last word in town and country styles.

Accessories! It's the little things that count: a sailor belt with matching belt drawstring bag to go every place under the sun. A small crocheted top with velvet bands to match your moonlight mood.

Be proud of a wardrobe that's extravagant in color, conservative in cost. Beware of one that doesn't balance your own personal scales. Many girls and women who know how to dress — oh, are there many? — are sorry to see the long formal evening gown disappear from the evening scene. No use in denying it, it was the most glamorous of all dresses. But it is going, going, gone. If you see one now it won't only be at the most elaborate functions, and where are such functions now? Going, going, gone.

The few long dresses that one does see are of the dinner type, but they too, are doing a gradual fade-out.

The evening frock of the winter is a kind of super afternoon dress. It has a dinner-dress top and a street-length skirt. It didn't come into fashion because everyone suddenly took a dislike to the long gown, or suddenly became crazy about the short one. It comes because it looks and feels right for the times we are now living in.

You wear it under a daytime coat, and dressed this way one can hop a bus, run for a trolley, crowd into a subway train, or board a suburban train and not

look conspicuously out of place. Also such frocks are in keeping with the uniforms and business suits of the lessais.

They need a new name for "Afternoon Evening Dress", that's too cumbersome. "Short dinner dress" is dull. Lately they have been answering to the name of "After Dark Frocks", and never mind that, one may wear them before dark, too. Whatever they may be called, they are the "Glad-Rags" of this era. The Super-Dubs of fashion.

Wearing Super-Dubs last week was Mrs. Lucile Carter of Asbury Park. Lovely brown dress coat with crossed fox fur collar, a sensational brown hat.

Miss Harriette Brumby wearing yellow and brown checked suit, yellow sport coat and brown accessories.

The lovely Bumpass sisters, in very stylish sport outfits. Tenna wearing brown velvet jacket, brown checked skirt, tan sport shirt. Gertrude wearing red sport jacket, black checked skirt and white shirt.

Lovely Miss Elizabeth Davies from Dayton, Ohio, wearing plaid black and red sport suit, white ruffled front blouse, black and white striped sport coat, black accessories, grey overcoat.

Lovely Mrs. Pearl Moore of Montclair wearing grey and black checked suit and light tan sport coat.

Attractive Mrs. Virginia Williams wearing a beautiful brown light wool traveling suit, light blue blouse and brown accessories. How one girl of beauty and style made two hearts beat in a single tune.

Lovely Mrs. Myrtle Scott was wearing a beautiful grey suit, white blouse and black overcoat, black accessories.

Outdoor Sport Wear

Lovely Miss Ida Barnhill wearing riding pants and boots, light green shirt, yellow and black riding coat, and brown accessories.

Miss Helen C. wearing brown riding pants, yellow shirt and black checked riding coat. Brown boots, very cute.

Miss Rula Teale at the football game wearing pleated skirt, plaid brown shirt and brown and yellow plaid sport coat, brown sport tam.

Yes, we all talk, and a slip of the tongue might slip a ship's keel. Kill a rumor, the spot left in its wake and be forgotten. If you start to pass it on, it will soon be dead and gone. Be polite, but be discreet; ugly stories repeat. If it's whispered unto you, you can bet it isn't true. It's good news for the Jew, ten-to-one it isn't so. To be silent is very wise. Unrepeated rumor dies. Think it over for awhile, and kill it: Be the one who's most smart to pass it on.

What did your fellow say about your taking his 50 cents out of his pocket last night, well, he said, Poor Dot Campbell, she can't go to Kilmer next Friday night, because she's kind of sick and her mother thinks she should stay home. Oh, well, Dot, I told you not to stand in drafts or you'd catch cold.

Say, Nelson, I'm sorry to hear you're leaving on the 29th, but when you've got to go, you've got to go and Uncle Sam has you now. I just want to hold you in my arms and kiss you and never let you go. A dinner was given last Wednesday evening by Miss Doris Hillman in honor of Air Cadet John J. Hall of Tuskegee. Present were the Misses Sara Jean Gibson, Evelyn Gilmore, Thelma Hillman and escorts.  
The hostess wore a navy blue suit, white blouse, blue shoes and wore a white and blue flower in her hair.  
Miss Camilla Tanner, along with her friend, Private Lester Johnson, who is home on furlough, took a trip to New York to enjoy a very high light.  
Well, I see they really got you, eh, Polie? Khakis becomes you very nicely also.

By MAMIE MOUR  
Hi, keds, what's cooking in the old town today? Dry? I thought so. Well, I just know I'll see you all at the N. E. A. Saturday night, won't I? Remember, this is to help the Recreation Center for our soldiers and I know you don't want them to feel we're letting them down.  
What did your fellow say about your taking his 50 cents out of his pocket last night, well, he said, Poor Dot Campbell, she can't go to Kilmer next Friday night, because she's kind of sick and her mother thinks she should stay home. Oh, well, Dot, I told you not to stand in drafts or you'd catch cold.  
Say, Nelson, I'm sorry to hear you're leaving on the 29th, but when you've got to go, you've got to go and Uncle Sam has you now. I just want to hold you in my arms and kiss you and never let you go. (Sigh.) Stop blushing, Billie, you know you were so happy when he said that to you, you could hardly speak. Say, don't let me down, please. Yes, I'm right, at the dance Saturday night. I'll be looking for you and Jerry.  
Dot Friend, when are you and Wilma coming down to the Center again? After all, I'd love to see you both, it's been a "long time no see." Marie Brown, don't you think you're being a little bit hasty about getting married now. Land sakes, you haven't changed your diapers yet. So Nuddy C. and Ross are just playing around. Well, take it easy how you play, fellows, you're liable to knock-up against a stone wall, dig me?  
Well, I see they really got you, eh, Polie? Khakis becomes you very nicely also.

WHO is Jan Tartu?

WHO is the woman he loves?

WHO heads the "underground"?

WHAT is Tartu's mission?

The answers to these questions form the exciting plot of M.G.M.'s new picture, "The Adventures of Tartu".

Turning at such a thrilling pace that the climax of the picture will find you breathless.

Robert Donat, star of "Goodbye Mr. Chips", gives a performance brilliant enough to elude the foreign police... as well as to capture your whole-hearted attention.

As Tartu, Donat poses as a Russian agent with a flourish for loud clothes and a fancy for the quiet rendezvous with a lovely lady!

Especially Valerie Hobson who is something to watch out for on any mission!

The romance between these two is of the unexpected kind!

But, in such an unbelievably exciting motion picture, you'd expect that!

All in all, "The Adventures of Tartu" will have you on the spot!

A lively spot!

GAS—Brother Hawkins and Old Mr. Reese seem to be walking and talking with ease, destroying the leaves on the trees. Pops, he makes you tremble and get your heavy clothes assembled. Say, he is tough, but you can't call him bluff. Man alive, let's beat out some live. I feel like a heel, but I can still spile. The Bo Hawk Hunch with a solid crunch seems to be the latest dance and Jack, they do like they're in a trance. It's slow with a little twist, not at the wrist. Dig. O. K. Pig Eating Champion by popular demand at Pic on October 19th. Dig it! Continuous dancing, plus guest artists. The band that will drive you crazy — your feet will refuse to be lazy. Count Basie and his band at Laurel Garden. Dig him — Hollywood gone. Pete's Chicken Shack at 101 Oakwood avenue.

Orange, stuff that's really good enough. Delightful and delicious chow that would allow for Kings and Queens. It's so supreme. Arthur Terry, M. C. and Sadie Matthews are doing a swinger job, entertaining at 42nd Club, but I can't say as much for that hungry looking waiter who gives no rest, when you spend your money like a king.

Glorya Russell, Catherine Reed, Rolyn Wright, Jack Coleman, Rena Fleischer Smith enjoying themselves one colored night. P. S. Watch for Sultans one mad attraction. Anna Mae Hall, Inez Jennings, Frieda Gordon, Joretta Mandeville, Ernest Seary, and Abe "Snake Hips" Moore, looking frantic and fine. Great group of tough troops of entertainers. Happy Birthday to Johnny Bee Gardner, a grand sport. Arthur Terry's fling at home — great Daddy Julius Hawley, golden boy, putting it down like copper coke, no joke. Todd Smith, sax, to be recorded as a memory.

NEW YORK — October 19th promises to be as significant date in New York's colored theatre life in fact, it will be a date to be long remembered as the occasion in which a colored man embraced a white woman on a Broadway stage and wasn't lynched forthwith. The Shubert Theatre will be the place; the occasion will be the widely talked about and long-awaited "Othello" with Paul Robeson in the leading role.

A similar situation occurred a few years back when Canada Lee was given the role of Bigger Thomas in Orson Welles' production of Richard Wright's "Native Son." Canada was written into a scene in which he was to handle a white girl and the critics and public alike awaited the opening of the play with dire misgivings. But in "Native Son" Bigger Thomas wasn't on the leg with Mary Dalton in his contacts with her; that is there was no love story involved.

One of Great Lovers in "Othello", produced by Margaret Webster, is the second of the tragic form, is depicted as one of the great lovers of all time and his heart is a white girl, Ura Hagen, who her, that is there was no love story involved.

From Boston some glowing reports of Robeson as "Othello". One critic said his performance will go down in history as one of the great Shakespearean portrayals of the modern theatre. Robeson played the role in England in 1930. In August, 1942, he played "Othello" at the Cambridge Summer Theatre and the McCarter Theatre at Princeton in an event that had the theatrical world rocking.

Now for the first time on the American stage, the disputed role will be acted by a Negro. In the past, the soubthorn, burn-cork, etc., show, Margaret Wiggins, was sufficient and no one was whining you didn't show up last night. Now it's different and the

## IN THE GROOVE

By BUTTS BROWN

**CUM POSEY AGAIN**—The Homestead Grays are the national champion, after having won the world series from the Birmingham Black Barons four games to three in a bitterly contested series with the Grays. In the eighth inning of the last game to cop the series.

As is usually the case when the Grays are involved in a crucial series there were some unpleasant incidents that did not do colored baseball any good. In the Posey series several "fingers" against the Kansas City Monarchs and was compelled to forfeit the game he won with them in the lineup.

This year both teams agreed to use ineligible players which should never have been permitted. President Tom Wilson of the National League and Dr. Martin of the American League were both clubbed in and said the law down to them. But then, you have heard of Tom Wilson and Dr. Martin doing the right thing at the home serving with the ammunition.

## North Newark

By GEORGE L. VAUGHAN

I hear the Postal Alliance had a nice dance last Saturday night. Incidentally, the card on one of the tables said Mr. and Mrs. L. R. are expecting a baby.

At your remembrance, last week I stated that Miss Lorraine Jones wrote from ten to fifteen letters weekly.

A very good friend of mine told me that Betty Majors is engaged to Private George Velverton, now stationed in Camp Kilmer.

Speaking of soldiers, last week Sergeant John Jones visited his brother and sister-in-law, Mr. and Mrs. George Jones of Wright street.

Corporal George Green is visiting the family of Chester avenue, Coxsack, New York.

Also visiting his family of Delaware avenue. So you see, there's always plenty of soldiers and sailors around North Newark.

Frankie Stalks of Delavan avenue left for the army last week. All of his friends in North Newark wish him luck.

Misses Bernice Cockpeck and May Chavious returned to Wilberforce University, Miss Chavious is beginning her freshman year.

Oh, I must not forget, Mr. and Mrs. George Jones of Wright street have a second daughter, Cynthia Janet, now two years old, was very tickled.

I attended a very nice tea Sunday given by the St. Elizabeth's Guild of St. Philip's Episcopal Church. Many of the participants on the program were from North Newark. These teas are held most every year and are very nice to attend.

## Keep Punching

with Pedro Lombardo

Three clubs are listed on the New York Stock Exchange this week, with White Plains County Center using Tuesday as an opening night. Tuesday: Brooklyn Broadway Arena—Al Davis has too much zing for Phil Enzenga. White Plains—Vinnie Vines took in a slated for fine action and public confidence and keeps the series from gaining the prestige and importance it should command. While it is natural for these teams to go all out to win, still this craving for victory should not be placed above the best interests of the game.

This recalls another incident that happened at the close of the last Negro National League season when Cum Posey played the Black Yankees a game in Washington and declared it a league game despite the fact that it was a slated for fine action and public confidence and keeps the series from gaining the prestige and importance it should command. While it is natural for these teams to go all out to win, still this craving for victory should not be placed above the best interests of the game.

It was this victory that threw the Newark Eagles and Grays into the fight for first place and then the league schedule. The Cuban Stars defeated them a doubleheader at Ruppert Stadium in the final two games of the season. As it is, the Grays are ahead and book a league game that was not officially scheduled and get the approval of Tom Wilson. As it is, the Grays are ahead and book a league game that was not officially scheduled and get the approval of Tom Wilson.

## Morgan Vs. Force

BALTIMORE — The Morgan State College Bears are scheduled to play the Wilberforce Wave in a basketball game on Saturday, October 16, at the Municipal Stadium.

This is the first meeting of these two teams on the gridiron. They have had previous encounters in basketball. This game will also mark the first inter-collegiate and inter-conference game to be played in Baltimore, Maryland.

News coming out of the City institution, states that the Green Wave are bringing a formidable team east for this intercollegiate encounter. The Ohio campus was agog when the news of the game broke.

Morgan, the C.I.A.A. champs for the past three years and the winners of 9 out of the past 12 C.I.A.A. crowns is taking every advantage to shape the reduced manpower into a working machine.

The game will bring together the leading representative of the mid-western conference and champions of the Colored Intercollegiate Athletic Association.

The game has already become an usual interest among football fans in the east. Wilberforce was 1940 mid-western champions, and runner-up to Kentucky State the past two years.

Although both teams have experienced a serious manpower shortage due to the war, there will be nothing lacking in their fight and drive wherever footballists played or discussed the fighting Morgan Bears have become a by-word.

The Green Wave enjoys a past record which merits serious consideration. By football critics it held the national championship in 1931, and was unbeaten for five years. Its football history goes back to the early days of that sport in America. Wilberforce University is the oldest institution of higher learning for Negroes in this country. It was one of the earlier institutions to begin the play of football. Its record is well known by followers of the sport.

On the other hand Morgan's record is brilliant but is limited to the past two decades.

Morgan and Force alumni classes and well wishers will be in the Morgan stadium on the 16th, to aid each group of players on to victory.

Signs on the Morgan campus, says the Morgan stadium, on the campus want us to still be champs, "Bears Must Conquer the Green Wave."

Since so many colleges on the eastern seaboard have discontinued football for the duration, this game in Baltimore will be a feature whereby the lovers of football may see, at least, one inter-sectional football game during the early season.

## Sgt. Joe Louis Appears Before 150,000 In 4 Weeks

Sergeant Joe Louis Barrow and his group of boxers who are giving exhibitions and talks on physical fitness at Army camps throughout the nation under the direction of the Social Service Division, Army Service Forces, appeared before approximately 150,000 soldiers in the first four weeks of the tour, according to estimates received by the War Department.

Starting August 30 last, the group visited 21 camps during that period. Attendance varied with the size of the camps, but invariably reflected much enthusiasm.

Later in the day they give the boxers of the camp special instruction, "demonstration" and advice on physical fitness. In the evening a boxing show is staged, preceded by a talk by Sergeant Barrow.

Members of the group other than Sergeant Barrow are First Sergeant George Nicholson, Corporal Walter Smith (Sugar Ray) and his group of boxers, and Corporal Robert J. Payne, who serves as trainer.

Sergeant James Edgar, boxing instructor at Camp Lee, joined the party there due to his injury of Robinson's elbow. Robinson continued with the troupe.

By DON DELEIGHNIR

TO BEAU JACK THROUGH? About a Drake End and Ray Robinson, Inc.

NEW YORK — A transfer student from Sacramento Junior College in California, 200 lb. 6 ft. 3 inch Don Welcher, towering colared end on the 1943 Drake End and Ray Robinson, Inc. welterweight eleven, is one of the schools two returning letter winners.

The other letterman, Clark Mollenhoff, also an end, weighs the same as Welcher and is as tall. Don was Drake's lineman in the welterweight division of the track team and last spring won the shotput event of the Drake meet and in the Iowa A. A. U. and Iowa Collegiate, and placed second in the Purdue and Drake Relays.

He's the indoor and outdoor record holder in the shotput and discus toss at Drake. During the summer, Welcher worked at Des Moines, Iowa, where he was a member of the Drake End and Ray Robinson, Inc. welterweight eleven.

George Gainsford, trainer of Ray (Sugar) Robinson and vice-president and secretary of the Robinson boxing gym, said that the situation in the history of the colored fighter in ringdom, has taken a powder for the west coast with three milt artists, Jerry Moore, Jimmy O'Brien, a heavy, and George Henry.

While the president and treasurer of Ray Robinson, Inc., Ray himself is carrying on his own boxing gym in the city, this attitude set in which a monopoly of pro boxing was scheduled.

Here's how it was to work: In 1942 in Chicago, Dan Burley, noted sports writer of New York, talked Robinson into incorporating himself with Ray as president and treasurer, and George as vice president and secretary.

Thus, Mike Jacobs and all promoters have to deal with Ray as president of the Robinson boxing gym, which is a mental equipment to cope with the smart boys on all they might put down.

That is why in all Robinson fights since his battle with a Chicago while kid last year, an all-colored group has worked his payoff on doing the work of capable and flashy boxers under the name "Ray Robinson, Inc. Boxing Manager," which would turn every major city in the country, both north and south, meeting the best available local talent on all-day cards.

Ray, of course, would be the main event with Jerry Moore, O'Brien, and lesser lights taking over the four and six round bouts.

An all-colored promotion, the Robinson vehicle would have been one of the biggest moneymaking ventures of all time since Robinson advance agents would work out contacts and publicity far in advance, allowing the boxers to come along much in the manner of the top operators. It had even approached the stage where promoters in Rio De Janeiro, Brazil, in Buenos Aires, Argentina, promoters in Mexico, the Canal Zone and in Cuba had wired Ray Robinson, Inc. for more information.

Robinson, meanwhile, had gone ahead and put down \$25,000 on an old bank building in the center of the Harlem Latin-American section, at 118th Street and Lenox Avenue, where his architect drew up blue prints what might have been the biggest and most beautiful bowling alley and floor sports arena in the entire East.

Then came the war, (I mean the draft boards), and Ray's plans had to be deferred. George Gainsford, however, carrying on with part of the idea which will be taken up again by Robinson after the war.

## BAXTER TERRACE

By GENE DIXON

The Management Office would like to see the revival of all the organized groups of club in the Terrace, now that the vacation season is ended.

As you probably know, there is a new recreation set-up in the Terrace, working in conjunction with the Board of Education, Mr. Harold Jay is the director here, ably assisted by Miss Pearl Maddox. The two playrooms are opened daily from 3:30 until 9 p.m. to children of all ages.

You'll not only know where they are after school hours, but can rest assured they are learning something constructive.

Occupy Troop No. 37 of Baxter Terrace is to be commended on its splendid progress under the leadership of Scoutmaster Thomas E. Dudley.

The Auxiliary Warden of Baxter Terrace are now being equipped with armbands, flashlights, whistles and helmet insignias.

A Nutrition Class is being held every Monday evening in the 202 Recreation Hall. The course will prove very helpful to the ladies during these rationed times. The course is free and open to all.

The names of all the boys who up to the present have bid Baxter Terrace to join the armed forces of the United States are:

# THE TATTLE

by EUGENE DIXON

Another natal day catches up with Mable Bennett and a party was the occasion for great festivity at this lady's home.

Many of her friends were present and paid homage to her.

According to the candles on the cake, Mable is one of the few who are sure to be sure that she was kissed at this tender age. "Ja-ko" Jackson did the honors.

Everyone drank to their hearts content.

Ruddy George Jackson is quite a romantic in his own right.

At an induction party last week for Elijah Mable heard from her new young brother-in-law, Charles Boyer, who was doing a fine job of consoling Elizabeth (Baby) Ashley who was shedding a few tears at the receiving end of a dash of "Mountain Heather."

That's the lady that's the wife of William Bennett.

Willie Washington and Lizzie are wild these days.

Anne Lewis, ODB, told me that she had a visit from love, Pvt. Mable Ellis and she's doing fine.

Ruthie Brewer and Milton McIntire are in a romantic mood these days.

Their intimate friends disclosed that this is more than mere companionship.

Estelle Ford has a new young brother-in-law, young eyes here and there.

Reason is simple.

Johnny Tacker is in the Army.

Samuel Cole had a visit from St. Stork.

It's a girl, 8 pounds on the hoof.

Or should I say, it's a girl, 8 pounds on the hoof.

Maintenance Man, Ed of Pennington is expecting to go in Service this month.

Harry Evans, Esq., a husband of Anne Evans reports to his Local Board, Col. 21st, 7 a. m. to become a soldier.

Just how Benny Wiggins came out with a plea to the draft board unknown to your scribe.

He tried to join the Merchant Marine but, couldn't get his wife's okay.

He says that Sam calls him will take position. I wonder, since even after a certain amount of time, he is in the Army.

Harry Brown has come into his own rights as a popular fellow with the young.

Romeo Butler is on his fourteen day furlough report to his local board on the 29th.

His entrance into the service will break up the "Three Musketeers."

A trio of confirmed "two-bit" distributors of "Swankmen" Calvin Morris and George Johnson promote "Big Dicks" at their home on Saturday night.

The Swankmen are bringing in Buddy Valentino and his band from the Empire City.

This act is a well established group of septa and ofay musicians.

The Service's Ball will be given on the 29th.

I think it will need your attendance.

Now on the Swankmen's membership roll is that suave gent, "Cadillac" Johnson.

Belle Anderson admits the misses John Foster who is in the Army, but she has a partner in Elizabeth Hurdle, who is running her husband, Leslie Hurdle.

It's a toss-up as to who is the best jester: Margie or Gertie McClellany.

Gertie is drawing her dramatic trip to Chicago where she will be a duet down the middle aisle with her boy friend, Pvt. Bob Coleman.

Does anyone know that tall soldier that was conveying demure Ruth Robertson away last Saturday night in the wee, wee hours of the night?

Well, Benny Jones finally made the grade, good luck, fellow, I always considered you material for City Hall.

When Dan Culp did fire his arrows of love at Jimmie Harris and Hope Wells last summer, he really hit the mark.

So much so that Jimmie has a ring to give to Hope upon her recovery from her recent illness and you can bet it's no class ring, either.

The Ring 'n' is closing temporarily for a job of renovation.

Good — it can stand it, but only if you have observation one would never take William Turk for a Jew, but he was absent from his work, celebrating "Yom Kippur."

I heard . . . Well, now I see everything.

# Ration Book 4

Application forms which will be filled out by applicants at public schools when Ration Book Four is distributed this month, will be forwarded to the U. S. Bureau of the Census to be used in a study of population characteristics.

This was disclosed today by Jerome A. Collins, acting district OPA director here, who announced at the same time that October 20, 21, and 22 have been officially designated as ration book distribution days.

Collins said that ration books will be distributed at public schools throughout northern New Jersey.

Collins said that ration boards in all counties of the State will cooperate in the census project, it was explained, except six: Cape May, Ocean, Sussex, Salem, Cumberland and Somerset.

The rationing boards in the participating counties will ship all applications in sealed envelopes to the Census Bureau, Selected counties in New York, Pennsylvania, Delaware, Maryland, and the District of Columbia will also take part in the survey.

Collins disclosed the official registration in a memorandum from all seven northern counties. He expressed satisfaction with the "deep appreciation for the willing and sincere cooperation of school officials in undertaking one more of the great tasks of distributing more than 2,500,000 ration books among the citizens of northern New Jersey.

On the basis of results achieved by our school people in handling Books One and Two, I am completely confident of an efficient, rapid and thoroughly competent job in the present undertaking."

# 1st Grad From Ft. Monmouth

Fort Huachuca, Arizona. — Lieutenant Shelton Reed, Columbus, Georgia, assigned to the 82nd Signal Company, Fort Huachuca, has the distinction of being the first Negro graduate of the Signal Corps Officer Candidate School at Fort Monmouth, New Jersey.

That, however, was not the only "first" destined to be achieved by Lieutenant Reed. Shortly after graduation, he was assigned to the Tuskegee Army Air Field, Alabama, where he organized and commanded the first Negro Air Corps Warming Company in the United States Army.

In addition, he was the first Negro officer to go on duty at the Office of the Chief Signal Officer, War Department, Washington, D. C., reporting for duty there on August 19, 1942 where he remained until he left on an overseas assignment.

Lieutenant Reed spent most of his Army career at Fort Benning, Georgia, with the 24th Infantry Division, where he was promoted to sergeant major and five years as company sergeant.

In addition, he was first sergeant of the 24th Infantry band for six months, communications chief for two years and personnel sergeant major for three years.

# Boy Scout Notes

Kenneth Williams, Reporter

The meeting of the scouts was held Friday night with the Mr. Dudley in charge. The boys went through their usual routine of scout-work and laid plans for their promotion to second class which will be held next week.

The Cub Scouts met Friday evening with the Mrs. Beulah Bramley, the Chief Den Mother, in charge.

Recently, the boys went out and they are planning for a social sometime in the near future.

Further notice of this will be forth coming. Two of the ranking scouts went landscaping Saturday and gained more experience in this field of work.

The boys are getting ready for their fall drive. We trust that all will assist in this drive to help the scouts over the top.

A social was given by the scout troop Tuesday evening on Columbus day assisted by the department of recreation workers.

We learn that more of our boys from the projects are going into the army very soon and we are asking all who have sons going to be kind enough to contact the scout office or send the names to William Moore, 137 James St., so we can get the number of stars that are needed to take care of the many boys who have entered the armed forces. We shall be very glad if those who read this article will submit the names of their sons and their addresses at the earliest possible date and give the same to the address given above.

Among the jockeys we spotted George "Downbeat" Jackson, Oscar Brown, Rita Monroe, Ernie Pittman, Private Clarence Cole, Milton Jackson, Harold Carter, Willis Carr, Blaise Davidson, Faust and Jimmy Bradley.

There were others whose names time forces me to leave out.

Say Ernest, you'd better look out my old buddy can't get over how smoothly you dance. Alfred G. seems to be almost as much of a Casanova as Jimmy B. Let's hope they don't step on each others toes.

Thanks to Dot Holcombe for introducing us to Asmirilla and Blaise. I hope that red didn't blind you Sunday. Say Rita and Blaise, what was wrong Friday night? You were trying yourselves. Yeah, you did.

We're glad to see the gang from Great Lakes. I must say they look like a fine bunch. I'll be especially glad that Larry was in.

# 1st Grad From Ft. Monmouth

Fort Huachuca, Arizona. — Lieutenant Shelton Reed, Columbus, Georgia, assigned to the 82nd Signal Company, Fort Huachuca, has the distinction of being the first Negro graduate of the Signal Corps Officer Candidate School at Fort Monmouth, New Jersey.

That, however, was not the only "first" destined to be achieved by Lieutenant Reed. Shortly after graduation, he was assigned to the Tuskegee Army Air Field, Alabama, where he organized and commanded the first Negro Air Corps Warming Company in the United States Army.

In addition, he was the first Negro officer to go on duty at the Office of the Chief Signal Officer, War Department, Washington, D. C., reporting for duty there on August 19, 1942 where he remained until he left on an overseas assignment.

Lieutenant Reed spent most of his Army career at Fort Benning, Georgia, with the 24th Infantry Division, where he was promoted to sergeant major and five years as company sergeant.

In addition, he was first sergeant of the 24th Infantry band for six months, communications chief for two years and personnel sergeant major for three years.

# Mrs. Beckett Issues War Work Call

When the need for women in industry first became apparent in the Newark industrial area, Mrs. James H. Beckett, of 375 Halsted street, East Orange, president of the Federation of Colored Women's Clubs, said, women who were not working told members of her organization that they had never been given any idea that the need was so great.

Since then, she said, the story has been told in the newspapers, on the radio and in the movies.

As a result of all this publicity, Mrs. Beckett continued, many people of Essex, Hudson and Union counties have come to realize the seriousness of the need. The campaign of the Community Manpower Mobilization Committee for the recruitment of war workers has further emphasized the seriousness of the situation, she declared.

"However," Mrs. Beckett continued, "there are women who know of the need but are still hesitating to join the victory workers. These are the women to whom I wish to appeal. Many of them have never worked at all, and many of them have never worked in an industrial plant. I believe it is the lack of actual experience that has kept many women from joining their production workers. I wonder if they realize that there are free training courses which will prepare them for work in a war industry. The State vocational school system has established centers throughout the Newark industrial area. Classes are held both day and night so that people who are at work on non-war jobs may take training before transferring to war jobs. Women are taught to read blue prints, so that those important blue sheets no longer seem mysterious puzzles. Aircraft assembly, riveting, machine shop work and many other intriguing courses are taught in these training centers. Few women realize until they try it that this work is not difficult to learn, and is pleasant to do. Most housewives perform more difficult jobs right in their own homes.

"Why not enroll for a training course and see what you can do? If you start one course and find that you would be better suited to another, you may change courses. Women who are well trained in one of these valuable production techniques know how to handle tools and machines before they go to work. They go into plants with the work that is to be done. For that reason they become adjusted to their jobs more quickly. They are better fitted for advancement. Women are doing well in these war production jobs and many of them have advanced rapidly.

# "Naturally, I don't know when the war will end..."

"The sooner the better, is all I can say. But I know that until it ends, you and I have a duty to your car that gets more important every day..."

"EVERY car that still runs is an essential cog in the country's whole transportation scheme. As the older cars quit, the ones still left get more and more essential."

"I'm not making scare-talk when I say that even standing in a garage most of the time, your car gets run down. Metals corrode. Oil gets dirty and sludgy. Grease dries out. The battery runs down. Spark plugs get fouled up. Radiator hose connections go bad. Tires get soft, so the sidewalls bend and crack."

"In these times, it's a crime to let this happen. Because you don't have to! Almost anyone's car can see him through, if he'll give it a chance."

"We're still here with everything it takes to help protect your car, whatever make it is. You find us short-handed sometimes, but we're long on experience and good equipment and reliable Esso products."

"However little you drive, you need winter oil and a winter grease job. Your battery fit and strong."
